RAINS, BROWN & CO., DRUGGISTS AND PRESCRIPTIONISTS, No. 19 Public Square, Opposite to the Market House, Nashville, : : Tennessee.

THE common belief that much of the uncertainty of Medical Practice arises from the had quality of Medical substances, seems to acquire daily confirmation. Through faulty preparation and commercial competition, many preparations formerly regarded as of primary importance are gradually going out of use, while others produce effects and cause accidents that do not properly belong to them as described in the Pharmacopea. New remedies, as suggested and offered for trial are often found so importent, and varying so much in chemical character and strength that they are either condemned or received upon false premises, both equally at variance with the proper progress in therapeutics; whilst most practitioners daily feel that the Materia Medica is not rich enough either to lose its old remedies, or to sacrifice opportunities of acquiring new ones. A proper appreciation of these facts warrant the Subscribers in manufacturing and vending none but First Class Standard Preparations, with direct reference to the necessities of the profession and the requirements of the Pharmacopea. Our Chemicals, Powders, Tinctures, Essential Oils, and in fact all of our Medicinal Preparations are selected and compounded with a view to the quality only, with out regard to price. In Perfumery, Variety Goods, Patent Nostrums, &c., we endeaver to please all tastes.
